

Technical Sheet

Dining Tables

Large dining tables with stone top. The series also includes folding seating elements: chair with armrests, armchair, stool, deck chair and XL deck chair.

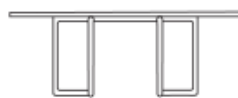

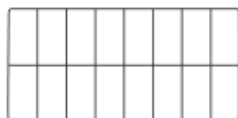

Structure: made of locust heartwood treated with acrylic wax available in natural or wengé dyed colour; plastic spacers.

Top: matching the colour of the structure in white stone or natural lava stone.

Notes: the series Portofino includes also a tray which, positioned on the stool structure, turns the stool into a side table. The tray, item B95E, is available with border in natural locust wood and top in white varnished aluminium or with border in wengé dyed locust wood and gray varnished aluminium top.

The product can be used also in interior environments.
