

Technical Sheet

Tray/Stool

Tray which, positioned on the stool structure, turns the stool into a side table. The series is composed of folding seating elements: chair with armrests, armchair, stool, deck chair and XL deck chair. A removable seat pad is available for all seating pieces in the collection. A specific back cushion enhancing the comfort of the chair and the armchair is also available. Large dining tables with stone top complete the Portofino series.

Stool structure: locust heartwood available natural or dyed in wengé, treated with acrylic wax, available natural or dyed in wengé colour. Plastic spacers.

Structure upholstery: removable cover available in Madras or Tamil fabric.

Tray: available with border in natural locust wood and top in white varnished aluminium or with border in wengé dyed locust wood and gray varnished aluminium top.
